

T R U M P
THE TRUMP ORGANIZATION

To whom this may concern:

I am writing on behalf of Nicolas Diaz, and hope this letter serves as a strong recommendation for his employment at your firm. I believe Nicolas will be successful at any type of project or job he pursues, and I look forward to hearing about his great endeavors in the future.

Over the past 3 years I have had the chance to get to know Nicolas on both a personal and professional level. As one of the lead architects for Trump Ocean Club he was a great resource to me daily. It was clear to me that he immediately understood the standard and quality of the Trump Brand and worked diligently to help us achieve it in a labor market where quality is a challenge. He spent countless hours helping reach design and value engineering solutions that would maintain the design integrity and meet operational needs, and his efforts have left a permanent mark on the tower.

In addition to being a strong professional, what most stood out about Nicolas are his personal relationships on and off the job site. His colleagues could always rely on him to consult on an issue, and his patience and kindness have made it easy for everyone to approach him.

At the end of his assignment we offered him a job as part of the operations team, but Nicolas knows that his passion lies in the design and construction of projects and is pursuing those types of opportunities. I hope this letter serves as a small introduction to the potential that Nicolas has, and I write it with my highest recommendation on his behalf.

Please feel free to reach out to me with any further questions.

Thank you,
